How to Use This Index: This index to Volume 15 is intended to serve as a guide to articles appearing in the *IMF Survey* during 1986. Each article is listed by headline, date, and initial page number under all appropriate subject headings. Page numbers with "t" indicate tables. Authors of *IMF Survey* articles are indicated by a ☆.

Regular issues of the *IMF Survey* focusing on special topics were published in 1986 on April 21 (Spring Meetings), May 5 (*World Economic Outlook*), September 1 (*Supplement on the Fund*), September 15 (Exchange Arrangements and Restrictions), September 30 (*Annual Report 1986*), October 20 (Annual Meetings), and November 3 (Governors' Addresses).

The index includes supplementary listings of new Fund publications (see page 404) and of the speeches of the Managing Director (see page 412), as reported in the *IMF Survey* during the year. These entries are also listed by topic.

Each year's annual index is included in bound volumes of the *IMF Survey* that are furnished by the Fund. Volume 15 will be available at a cost of $30.00 from the Publications Unit, Box S-227, International Monetary Fund, Washington, D.C. 20431, U.S.A.
